Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants received a Notice of Abandonment, dated April 18, 2005, for failure to timely file a reply to the Notice Regarding Drawings, dated December 2, 2004. Copies of the Notice of Abandonment and the Notice Regarding Drawings are attached hereto.

The Notice Regarding Drawings, dated December 2, 2004, indicated that Figure 6B was missing from the Application and needed to be submitted. A Preliminary Amendment, however, had been filed on September 25, 2003, wherein the only item submitted was Figure 6B. A copy of the Preliminary Amendment is attached hereto as is a copy of the return receipt postcard stamped OIPE dated September 29, 2003, showing receipt by the U.S. Patent and Trademark Office of the Preliminary Amendment, including Figure 6B. Additionally, upon receiving the Notice

Serial No.: 10/034,853

Regarding Drawings, Applicants were advised by the U.S. Patent and Trademark Office on December 9, 2004 that Figure 6B had been matched up with the file and that no further action was needed.

In light of the above, Applicants respectfully request withdrawal of the Notice of Abandonment in this Application.

Although it is believed that no fee is due, the Commissioner is hereby authorized to charge any fees associated with the filing of this correspondence to Deposit Account No. 50-0426.

Respectfully submitted,

REMARKS

Drawings

The official publication of the present application, U.S. Patent Application Pub. No. US 2003/0085512 A1, is missing Figure 6B. Though the return postcard received by Applicants in the present application, date stamped by the PTO on December 28, 2001, indicates that the application was originally filed with 18 drawing sheets (which is the complete number of original drawing sheets), it is not known for certain whether original Figure 6B was actually omitted from the original filing package or misplaced from the official record. As such, a true copy of Figure 6B intended to have been filed with the original application is attached herewith for entry into the record of the present application.

Applicants note that no new matter will be added as a result of entry of Figure 6B. Figure 6B is fully described and referenced in the application as originally filed and is part of a sequence of drawings, Figures 6A, 6B and 6C, depicting various stages of operation of the same apparatus. Each of Figures 6A, 6B and 6C are substantially similar to the other drawings in this sequence, and contain the same elements. The primary difference between Figures 6A, 6B and 6C is the location of certain elements relative to other elements. The descriptions of the apparatus as shown in each of Figures 6A, 6B and 6C, and the differences between Figures 6A, 6B and 6C, are clearly and expressly

Serial No.: 10/034,853

provided in the written description of the application as originally filed, particularly at p. 13, lines 4-12.

Accordingly, it is respectfully requested that Figure 6B be entered at this time.
